SOLDIER BOY IN FRANCE WRITES INTERESTING LETTER

Mr. John J. Dilworth, of Loos & Dilworth, has just received the following letter from his nephew, dated October 17. It is interesting to note that it is on the letter head of the Y. M. C. A. with the "Red Triangle" mark:

"On Active Service with the American Expeditionary Force.

"Dear Uncle John and Aunt Lizzie:

"The pleasant evening I spent in your home last May is still in my memory. And that evening I promised I would write you a letter when I arrived in France.

"France is a great country, and the French people are treating us royally; they leave nothing undone to give us comfort, and we truly appreciate their hospitality. The war has hit them very hard, but they take it fine.

"It is soldiers, soldiers, no matter where you go; you see all kinds, and they are all a happy lot. One day I was out on some work, and I met a young French soldier. He came up to me and shook hands, and then said, 'What part of the States do you come from?' Well, I pretty nearly fell over, when he came out with the English. He had been in the States for ten years, and came back to France when the war broke out. He staid with me all day, and we had a great time, swapping stories.

"It is very hard for us to write an interesting letter, for we are under a

A LETTER FROM FRANCE, TO LAWRENCE DAVIS, FROM GEORGE SHELDON

Dear Lardie:

I am spending most of my time looking for the lad that caused the expression, "Sunny France." He must have been a bush league umpire. We have the nicest collection of rainy weather ever found. Some say it is caused by vibration from the continuous explosion of the large guns. The soil is very rich and the broad valleys are filled with large farms. Every two or three miles you pass through a small village and along the railroads you find larger towns with factories and munition plants, each place doing their part to win the war. A' France is working like a huge machine and their vigor alone makes them unbeatable. We hoped to pass through Paris but did not.

I would like to tell you of many daily happenings, but the censor will not pass them so I will have to tell you of things of less importance. The constant rainfall makes the soil so rich that they can not grow watermelons. The vines grow so fast they drag the melons around and wear them to pieces. The French employ the day light saving system and we never use artificial light. We're up in the morning at five-fifteen, have setting up exercises and then chow (I mean breakfast). The morning is taken up by drill; we eat at eleven-thirty, drill in the afternoon, and supper at five-thirty. The days are either hot or rainy and the nights cold. They say it is so cold here in winter that if you set a bucket of ho water outside, it freezes so quick the ice is warm yet. The farmers are taking in their crops and they have had a good harvest. They have large gardens on mountain sides, in fact, they waste no ground at all. Much of their freight is shipped by canal—every valley has one.

If you will send me Our Town, I will appreciate it. Write often, for even if I can't mail I can always receive it.

Sincerely,
George Sheldon,

Supply Co. 5th Regiment, U. S. Marines, A. E. F. via New York.

NARBERTH AFFAIR AT BELLEVUE-STRATFORD

Card Party for St. Margaret's Promises to Be An Eventful Occasion—Liberty Bond Among Prizes

Final preparations are now being made for the card party which is to be held in the ball room of the Bellevue-Stratford for the benefit of St. Margaret's-of-Narberth, on Wednesday evening next, November 21, 1917, and it's a most auspicious occasion it promises to be, as not only does it appear that Narberth and Lower Merion folks will be out in full force, but city friends galore are co-operating in hearty fashion, and a banner attendance is expected. The games are calculated to please all inclinations, Euchre, Five Hundred and Bridge, and the several hundred prizes which will be distributed have been described as one of the best arrays of card trophies that have ever been assembled. In addition to the gifts for players, each ticket-holder will be eligible to receive a $100 Liberty Bond, contributed specially for the event, a feature which should stimulate the attendance of nonplayers, particularly as the facilities provided for spectators are such as to assure a most pleasurable evening. Tickets for this eventful Narberth affair will be delivered by messenger on all requests which are phoned to Narberth 6-70, or they may be obtained at Fielder's or Howard's.

A meeting of all those who are interested in the complete success of the affair will be held this Thursday evening in the rectory and a numerous attendance is requested.

Y. M. C. A. GIRL ACTIVITIES

Supplementing our notice of last week, we are pleased to report that the Board of Managers, Mr. Clarence L. Metzger, chairman, has completed the necessary details in connection with the acceptance of girls into full membership in the association. It is our desire to promote all girl activities including competitive games, such as basket ball, indoor base ball, hockey, volley ball and bowling. Those admitted under this head are to have the use of the men's game room on Tuesday and Thursday nights, use of the boys' game room upstairs, and the shower baths and locker room downstairs. the following rates to cover membership dues and lockers:

Girls between seven and sixteen years, $2.50 per year. Girls sixteen years and over, $4 per year. The charges for lockers will be $1 for the small ones and $1.50 for the large, all membership and locker dues to be paid annually in advance.

The following use of the gym and game rooms has been assigned for this purpose:

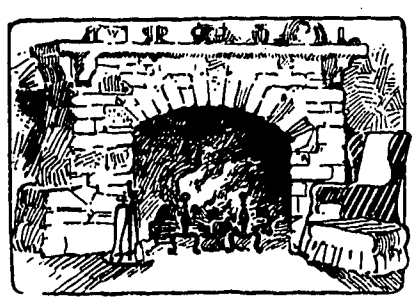
Tuesday afternoon for girls under sixteen. Gym class, 3 to 4 o'clock, followed by games, to close at 5.30.

Tuesday night for girls sixteen and over. Gym class, 7.30 to 8.30, followed by games, to close at 9.30.

Thursday night for girls under sixteen. Gym class, 7.30 to 8.30, followed by games, to close at 9.30.

Friday afternoon for girls sixteen and over. Gym class, 3 to 4 o'clock, followed by games, to close at 5.30.

We sincerely hope that this decision, on the part of the Board of Managers, will result in increased interest on the part of the girls of Narberth, and that the married ladies will take an active part in all games, as the hours mentioned will be set aside for their use, and they can come spend a few hours in good wholesome physical exercise. Applications for membership may be made to the secretary, who will be glad to serve you, and enter your name for membership on such competitive team as you may choose. Please remember that we want the married ladies as well as the single.



THE FIRESIDE

Betty Baxter's Gossip

Miss Posey, of Essex avenue, has been spending a few days at her home near Muddy Creek Forks, York Co., Pa.

Reserve the evening of December 1 for a play and tableaux to be given by the girls of Narberth's Junior Red Cross Unit at Elm Hall.

On Saturday evening, December 1, at Elm Hall, the Junior Unit will give a Red Cross benefit, consisting of a play and tableaux. Admission: adults, 35 cents; children, 20 cents.

Anyone who is missed by the Canvassers for the War Aid Fund being raised this week for the boys "over there" may leave their "bit" at the post office with Postmaster Haws.

Mildred Harris and William Harris entertained over the week-end Miss Mayes, of Philadelphia; Miss Thompson, of Cynwyd; Mr. Hoyton, of New York, and Mr. Johnson, of Mecker, Maine.

The naval service is in need of apprentice seamen eighteen to thirty years old. Transportation will be furnished to the main recruiting office by Postmaster Haws to all applicants after they have passed a physical examination. For further information see the postmaster.

An open competitive examination will be held on November 24, 1917, for the position of clerk in the Narberth Post Office. This examination will take place in the Y. M. C. A. Building at 9 A. M. sharp. Applications and full information may be obtained from the local secretary, Miss Mabel E. Armour, Narberth P. O., Narberth, Pa.

Don't forget to bring your donations of jam jellies and sweets on December 4 to the Community Room of the Y. M. C. A. These will be sent to the Camp Meade boys for Christmas. Many are without relatives or friends, and we can cheer them this little bit. On November 20 the club will meet in the Community Rooms of the Y. M. C. A. at 3 P. M., at which time there will be a regular business meeting which will be dispatched as quickly as possible so that the remainder of the afternoon may be devoted to the study of Parliamentary Law, under the able guidance of Mrs. Etta Haley Osgood, Parliamentarian of the Maine Federations.

Special Recognition of the Enlisted Men of the Presbyterian Church

The large audience that filled the Presbyterian Church last Sunday morning was deeply impressed with the solemn services. A graceful "Service Flag" with sixteen stars, presented by the Ladies' Aid Society, was dedicated to the memory of the enlisted men of this church. A beautiful "Honor Roll" with mahogany frame was also presented by the Westminster Circle. It contains the following names:

Lester Y. Bowman
George W. Braden
Maurice F. Childs
Herbert W. Cowin
Walter Cowin
Lloyd H. Daily
Leland S. Gillette
Guy E. Grafnis
Kenneth Hamilton
George E. Jones
Alan Kirk
George McCaig
Robert A. Mueller
George O. Smith
Loxley Peebles
Alan Rose.

Nine of the sixteen men are members of this church and the others are members of the congregation. Doubtless, many more names and stars will need to be added before this fearful conflict is ended.

Whenever a girl begins to lecture a young man on financial economy he can safely ask her to name the happy day.

THE Y. M. C. A. WAR FUND

Some Facts Regarding the Campaign in General and Narberth in Particular

The United States is raising this week a fund of $35,000,000.00 to be used through the Y. M. C. A. organization for War Work among our own soldiers and sailors and those of our allies.

Not one cent of the money goes to the local Y. M. C. A.—all of it will be utilized in looking after the moral welfare and physical comfort of our boys who have gone out to fight.

Mr. Edward K. Bok, of Merion, is State Chairman; Mr. Percival Roberts, Jr., of Narberth, Chairman for Montgomery County. Nearly two score men in Narberth are canvassing this borough. These men deserve your heartiest moral and financial assistance. They are doing this work in most instances at a considerable sacrifice to their personal affairs.

Few of us realize the scope of the work the "Y" is already doing. Ask any boy you know who is now in any branch of the Nation's Service what he thinks of the Y. M. C. A.'s place in camp life. Ask him if he believes you should contribute to this campaign. Ask any army or navy officer whether he regards the "Y" as a practical and desirable factor among the men under him.

Don't confuse the Liberty Loan Campaign, the Red Cross Campaign, and this work. In no way do they overlap. The Liberty Loan is a Government proposition—in no sense a charity—but a gilt-edge investment. The Y. M. C. A. looks after your boys' spiritual and physical well-being—it helps to keep him comfortable, contented and efficient. The Red Cross is on hand to take care of him when sick or wounded.

When your boy goes away about the last thing you say to him is "Be sure and write." Where is he going to write when he gets to camp? There is no convenient place except the "Y" hut. The Association supplies, gratis, one million sheets of stationery a day, that the mothers and sisters and sweethearts of the soldier or sailor boy may hear from him.

It is said that coal is $80.00 a ton in France and hard to get at that. A part of the $35,000,000.00 will be used to buy coal that your boy may have a warm place to go on these cold winter nights. There is no fire in the billets and barracks where our troops abroad are now quartered.

And it must not be forgotten that the Y. M. C. A. is working in the camps of our allies as well as with our own forces. We are helping the French, the Belgians, the Russians, the Rumanians. Mr. Braden, a Narberth resident, and a "Y" secretary, expects to sail soon for work in the Italian army. We are working, too, for the Germans in the French and English prison camps—the Y. M. C. A. is non-sectarian. It helps every person it sees in need, regardless of creed or nationality.

There have been very few days to perfect our local organization. We want to reach everyone in or near the borough, but it is not unlikely that some few may be overlooked by the canvassers, or perhaps not be at home when they call. If such should be the case with you, may we ask that you leave your contribution with Postmaster Haws. We believe that every resident of Narberth will assist gladly in this work if the plan can be explained fully to them—it offers so many wonderful possibilities for doing so much for the boys who are going out to fight our battles and help make the world free for democracy.

ROY E. CLARK, Local Chairman.

EDITORIAL

Mr. Edward W. Bok's contribution of $25,000 to the Y. M. C. A. War Fund was very generous, and equally fine was his candid admission that he had formerly misjudged the Y. M. C. A. and its work. He had thought of the organization as somewhat namby-pamby, and pervaded by a wishy-washy piety. He has come to a realization of what a splendid body of men it is, doing a great work for the youth of America and other countries. The war has been instrumental in permitting the Y. M. C. A. at last to "come into its own." Millions of people, who formerly had the vaguest idea of its value, now recognize it for what it really is.

Mr. Bok is a man "big" enough to acknowledge an error, and it is hoped that some of the small men, who abound in every community, will profit by his example, and cease their knocks and sneers at an organization of which they really know nothing. These knocks are mainly prompted by a desire to find an excuse for not contributing. The knockers are not to be reached by any argument, being mainly governed by prejudice, and it would take a charge of dynamite to pry them loose from any of their beloved dollars for any cause.

This does not for a moment apply to any man whose circumstances are such that he cannot afford to contribute; his reasons are always respected, but the "staller," apt in "throwing bulls" is easily seen through, and deceives nobody but himself.

MILK? NO! GID-E-YEP

To the Editor of Our Town

Citizens of Narberth and vicinity are again taken by the heels and shaken up till a few extra pennies drop from their pockets into the hands of the milk man.

Heretofore we have taken things in a philosophical manner, but another rise in price directly on top of the previous one is too much. We pay one to two cents a quart more than the people in town, and why? Because we are told that suburban business is not desirable, and hard to handle. If this is so, why did a West Philadelphia milk company buy out their competitors from the city who were giving them a run for their money? Pretty nice pickings when there is nobody else coming around.

"Mr. Milk Man, your plan for eliminating competitors by buying them off may be all right business, but we do not feel like being made the "goat" by having to pay more for the milk."

"Yes, Mr. Milk Man, we know the cost of doing business has increased, but not in proportion to the recent advances you have thrust upon us. Why was it, several months ago, we paid two cents more for milk than the people in West Philadelphia, and there have been two rises in price since then—and more to follow, no doubt?"

"Mr. Milk Man, do you know that the people in the vicinity of Trenton, New Jersey, pay eight cents a quart for good milk to-day? Who gets all this extra money you have been collecting? We asked the farmer, and he didn't get it; we asked the wholesale milk dealer, and he didn't get it; we asked your driver, and he didn't get it; you say you didn't get it; the people of Narberth didn't get it; then who in the "Samhill" did get it? We are thinking somewhat of bringing this to the attention of Mr. Hoover in Washington, and maybe he can find out who ought to get it.

"Prices all advanced at one time
"Competition eliminated by buying out competitors
"Nice way of doing business that!
"Just like taking milk from babies."

Please allow me to convey through Our Town my hearty appreciation of the generous support which I was accorded by the voters of Narberth in the recent contest for Tax Collector, and while I am sincerely complimented by this signal tribute of a highly alert and intelligent community, please be assured that I am likewise mindful of the obligations which such confidence imposes on me, and the "Year Round Home Town" may depend on me to handle that part of its business to which I have been assigned, in a manner which will reflect the best that is in me.

CUB'S WEEKLY LETTER

To the Editor of Our Town:

Any day that we are not called upon to subscribe to some good cause, notably the Liberty Loan, Red Cross, Belgian Relief, etc., we may count an unusual day. But that is a condition which we may consider inevitable, now that we are engaged in a serious war. We feel the effects of the war more acutely each succeeding day and probably the worst is yet to come. However, the men and boys who have assumed the brunt of the thing by giving up their positions, family comforts, and homes are to be considered before we stay-at-homes. Our task is to dig down into our pockets to the limit—and then some—and not make a face over it either. We have by far the easier end of the job.

While we are enjoying the comforts of home, warm rooms, warm beds and good meals, what about the boys—our boys — in the camps and trenches? Coal costs eighty dollars per ton in France and you may be sure there isn't much of it being used there. That is only one feature to bring to our minds an approximate idea of conditions our boys have to face. When they are cold, lonesome or homesick and the need of warmth or cheering society, when they want to write home, there is only one place to go, namely, the Y. M. C. A. The Y. M. C. A. is the connecting link between home and the trenches and that's no figure of speech either. We all should have a proper appreciation of the immense importance of the Y. M. C. A. in this war. Believe me, kind reader, if you could have heard what I have heard on this subject and how vitally necessary to the welfare of the very flower of our nation is this Y. M. C. A. influence you would sympathize with my deadly seriousness in the matter. I am not a Y. M. C. A. man, and, furthermore this does not concern the local Y. M. C. A., excepting as the latter is only the agent for the larger body. There isn't one of us who hasn't his or her troubles to make ends meet in these trying times, but, I repeat, we are having the easier end of the job.

About twenty-four families in Narberth have given one or more sons to the cause, taking the chances of never seeing them again or having them sent home crippled for life.

It is for boys of this kind the Y. M. C. A. is working. Could there be a better cause under the whole wide canopy of Heaven? And yet, one solicitor for this fund who called at ten homes on Sunday came back with the munificent total of one dollar.

The natural inquiry that comes to your mind, kind reader, after hearing that is "Are we such a cold hearted, miserly bunch as all that and have we warm red blood in our veins or only ice water?" Or we might say "God have mercy on the people of the Year 'Round Home Town if that is the kind of a gang they are." But such comment would hardly be fair. There are a few of the breed in every town, but I know that the nature of the campaign and its purposes have not been clearly presented to our people as a whole and when they are thoroughly understood Narberth will not need to hang her head in shame—she never did.

Think this over, greet the solicitor as one who is doing you and your country a favor and then come across like the decent American you are, or ought to be.

She Told Us Not To Tell!

And, of course, we wouldn't, anyhow, but we observe her suggestion to proclaim to all the folks that real relief is here! One, two or three applications and out they come—foot-comfort, surely. Easy, harmless and never-failing! The Preparation costs a quarter—carries our name, for it's our very own—and once you use it you are sure to say what she did! Exit feet from the pinching chorus!

The meetings for next Sunday will be as follows:

10.00 A. M.—Sunday school.

11.00 A. M.—Morning worship. Sermon by the pastor on the Eighth Commandment.

7.00 P. M.—Christian Endeavor meeting led by the president of the society, Miss Agnes M. Rose.

7.45 P. M.—Evening worship. Sermon theme, "The Cross in Christian Experience." Short organ recital at the beginning of this meeting.

Church Notes

It has been decided by the session, in view of the stress of the times and the call of the leaders of the Presbyterian Church throughout the land to invite this congregation to a season of special prayer and intercession on the three days immediately following Thanksgiving Day. Full details of the plan will be announced later.

Next Wednesday evening, November 21, Miss Anna Doris, a returned missionary will speak at the prayer meeting.

CHRISTMAS MAIL FOR AMERICAN FORCES ABROAD

Washington, D. C., October 3, 1917.

To the Public:—

The time is approaching to give thought to bringing Christmas cheer to the American soldiers and sailors abroad.

Arrangements have been perfected whereby the Christmas mail to the American Expeditionary Forces in Europe is to be delivered by Christmas morning. Without the fullest co-operation on the part of the public, it will be impossible to accomplish this result.

The three essential respects in which the public can aid in assuring a happy Christmas at the front are: Mail early, address intelligently, and pack securely. For this reason it is urgently requested that all persons having Christmas mail for the soldiers and sailors and the civilian units attached to the army in Europe, observe closely the following directions:

1. Mails to reach the soldiers in France by Christmas morning must be posted not later than November 15.

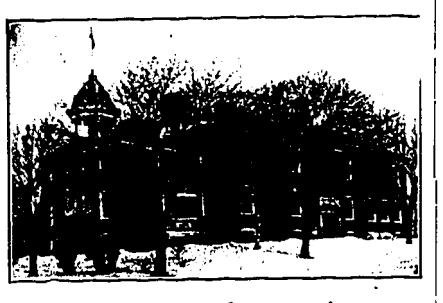
2. Every package must bear conspicuously the words "Christmas Mail," the complete address of the person for whom it is intended, and, in the upper lefthand corner, the name and address of the sender.

3. Every parcel must be so packed and wrapped as to admit easy inspection by the postmaster. No parcel will be dispatched to France which has not the postmaster's certificate that it contains no prohibited articles.

A. S. Burleson,
Postmaster General.
Newton D. Baker,
Secretary of War.
Josephus Daniels,
Secretary of the Navy.

A horse may pull with all his might, but never with his mane.

SCHOOL NOTES



A round table conference of parents, teachers and directors will be held this Thursday, at 2.35 in the Elementary Building. Everybody is welcome!

The conference held last Thursday was a pleasant and profitable affair. The parents showed interest in the questions and submitted to the question box. Mr. McCarter, in a few well chosen words, extended greeting and outlined the policy of the board in its relation to the patrons. So enthused were the mothers present, that many of them at the close of the meeting requested Mr. Melchior to arrange to have the next meeting held before the holidays, instead of after, as had been previously planned. The next meeting of that group, namely, grades one to three inclusive, will be held on Wednesday, December 12.

The Athletic Association resumed its full organization last week. The following officers were elected: President, Wayne Harris; vice-president, Sidney Trotter; secretary, Eleanor Eyre; treasurer, Gilbert Ford.

The Membership Committee was appointed. The principal insists upon a systematic and all inclusive canvass for membership. The office grade lists will be handed to this committee and their work will not be completed until they have had a "yes or no" from every student. Effort is being made to make this the most complete athletic year in the history of the school. The aim will be to create inter-class wholesome rivalry thus developing all pupils instead of a few who are fortunate to make the "varsity" team. Of course, a full schedule is being arranged for both the boys' and the girls' school team. This schedule when completed will appear in Our Town.

Monthly reports were handed to pupils on Friday.

Classical Exhibition

The Latin department of the Narberth High School is enjoying a classical exhibition which was prepared by the students of the Girls' High School of Philadelphia. The exhibition consists of a number of charts which illustrate, in many ways, the value of a knowledge of the classics in helping us to enjoy and understand contemporary life. Some of the charts show the effect of the classics on the structure of the English language and literature, and its still greater influence on the Romance languages, French, Italian and Spanish. Others show the influence of classical art and architecture upon the very modern buildings of our very young country. The students have been interested to learn how many decorations of City Hall are classical in origin. We feel that the students realize a vital connection between their Latin and their present day life, and that, as they quote, "Latin is not dead, but has only changed its name."

Important Announcement to Mothers

Do you want a responsible High School girl to care for your children several hours in the afternoon or early evening, one or more days in the week? The school has had requests for girls to fill such positions and reports are so favorable that more girls are anxious to assume the responsibility of this kind of work, thereby allowing many to meet the many little demands made upon the girls' pocket books. Mothers desiring help will please communicate with the school office.

Parents please remember every day is visiting day in the Narberth schools.

The Thanksgiving exercise will be held at the usual time, Wednesday morning, from 8.45 to 10 o'clock.

The program will consist of exercises by the elementary pupils, supplemented with music by the High School.

The annual donation to the University Settlement should be larger than ever. Although "living is high" in Narberth and there are "many calls for charity," yet there is the same call from the worthy poor in Philadelphia.

SOLDIER BOY IN FRANCE WRITES INTERESTING LETTER

(Continued from First Page)

very strict censor. We are not allowed to say what we are doing, what part of France we are in, nor anything concerning military work. It surely is a great life, full of adventure, and plenty of excitement, and I have no kick to make. We all say, the first five years will be the hardest; after that, it will be a snap.

"The rainy season has set in, and it makes things kind of nasty, that is, in the line of mud, for we do get our share of it, and it is very hard to keep one's clothes clean. A good many times you go over your shoe tops in mud, and, believe me, the walking is not very good then. The weather is getting cold, but we have plenty of warm clothes; that is one thing we can say. The American troops are well taken care of. We are fed well, and we get all we want to eat, and it will be that way, as long as they can get food to us. Our food is plain, but it is mighty good. Our only kick is tobacco; we do not get any American tobacco, and the French tobacco surely has some "kick" 'to it. But it will not be long until they have plenty of it over here for us; that is what they tell us.

"I have seen and been in some very interesting buildings. I was in a church that was built in 1542, and a residence built in 1490, in good shape to this day.

"Some evening when you have nothing else to do, I wish you would write me a few lines, for you do not know how we enjoy a letter. Mail day is just like Christmas to us. We read a letter about ten times before we put it away. I had a letter from mother last week, and she told me you were down to see them. Please give Mr. Loos by best regards.

UNWRAPPED AND UNADDRESSED MAGAZINES PREPAID ONE CENT FOR SOLDIERS AND SAILORS OF THE UNITED STATES EXPEDITIONARY FORCES IN EUROPE

Washington, July 16, 1917.

Order No. 510.

The classification of articles mailable under Section 8 of the Act of August 24, 1912, authorizing the establishment of the parcel post service, is extended so as to include unwrapped and unaddressed copies of magazines intended for soldiers and sailors of the United States Expeditionary Forces in Europe when mailed by others than the publishers, the postage thereon to be prepaid at the rate of one cent a copy regardless of weight. Magazines to be accepted for mailing under this order must have printed in the upper right hand corner of the front cover the following:

Notice to Reader

When you finish reading this magazine place a one-cent stamp on this notice, hand same to any postal employe and it will be placed in the hands of our soldiers or sailors at the front.

No wrapping—no address.

A. S. Burleson,
Postmaster General.

BOOKS WANTED

Do your bit by dropping all of your magazines in at the local Y. M. C. A. so that same may be forwarded to our boys in the Army and Navy.

Books are also accepted for Library purposes in the Field.

Several large donations have already been made and we hope to be able to soon send a good size box away.

Do it now.

WAR STAMP TAX ON PARCEL POST MAIL

Upon every parcel or package transported from one point in the United States to another by parcel post, on which the postage amounts to twenty-five cents or more there shall be paid a tax or one cent for each twenty-five cents or fractional part thereof, charge for such transportation to be paid by the consignor. No such parcel or package shall be transported until a stamp or stamps representing the act shall have been affixed thereto. (Act of October 3, 1917, Sec. 807, par. 14.)

SEVEN POUND LIMIT ON PARCELS TO FRANCE

Parcels of Fourth Class or Domestic Parcel Post matter for and from the American Expeditionary Forces in France, on and after November 1, 1917, will be limited to seven pounds in weight instead of to twenty pounds as heretofore. Owing to the fact that the French Railway Companies, under their agreement with the French Government, restrict the weight of parcel post packages carried by them it becomes necessary to provide for the reduction in the foregoing order, by which the weight limit on a single package is reduced from twenty to seven pounds.

XMAS BOXES OF THE SOLDIERS

Don't forget to bring your donations of jam jellies and sweets on December 4 to the Community Rooms of the Y. M. C. A. These will be sent to the Camp Meade boys for Christmas. Many are without relatives or friends, and we can cheer them this little bit

On November 20 the club will meet in the Community Rooms of the Y. M. C. A. at 3 P. M., at which time there will be a regular business meeting which will be dispatched as quickly as possible so that the remainder of the afternoon may be devoted to the study of Parliamentary Law, under the able guidance of Mrs. Etta Haley Osgood, Parliamentarian of the Maine Federations.

"Circulating Library"

A circulating library is to be established within the club for the use of its members. At the end of the year these books will be devoted to some public institution or to the soldiers, as the conditions at that time warrant.

A movement is also afoot to arrange a choral society within the club. All members are invited to participate and further particulars will be given later.

SOUTHEASTERN PENNSYLVANIA CHAPTER AMERICAN RED CROSS

NOTE—Please post in a conspicuous place in your headquarters and call to the attention of all departments.

To all Branches and Auxiliaries:

Millions of Surgical Dressings Wanted at Once

Major Grayson-Murphy, American Red Cross, Chief of Commission in France, cables the following:—

"Red Cross standard dressings in millions must be sent over with all possible speed. If this is not done immediately a serious calamity and national disgrace is inevitable.

"The American women who compose the Red Cross should prepare with all the enthusiasm and speed possible the dressings which are going to mean life or death to our own men."

To visualize the great need of surgical dressings one has to reflect that only a few weeks ago two and one-half millions of surgical dressings went down in one ship, and that the cases are numerous **where an entire box of dressings is used** on one patient.

It is imperative that women of the Red Cross in Southeastern Pennsylvania Chapter increase immediately this needed supply of surgical dressings that the front is calling for.

UNCLE SAM NEEDS 10,000 STENOGRAPHERS AND TYPEWRITERS AT ONCE

Washington, D. C., October 15, 1917.—Now that Uncle Sam has the young men of the country in training for military service, he finds that he needs 10,000 typewriter operators and stenographers and typewriters, both men and women, for the departments at Washington. The Civil Service Commission has notified all of its 3000 boards of examiners that they should put forth their best efforts to secure these urgently needed workers. While examinations are now held weekly in 450 cities, the Commission states that arrangements will be made to have an examination held at any accessible place where a small class of applicants can be secured. The entrance salaries range from $1000 to $1200 a year. Promotion is reasonably rapid to those whose services prove satisfactory. No appointments can be made to these or other positions in the Federal classified civil service unless authorized by the Civil Service Commission under the civil service law. Any information to the contrary is unauthorized. This is a splendid opportunity to serve your country. Full information may b secured from the secretary of the board of civil service examiners at the post office in your city.

WOMEN VOTE TO TRY NEW NARBERTH PLAN

Other Conferences Are Being Planned

Another important and definite step toward the perfection of the new Narberth Plan for co-operative buying and economical merchandising, in the interest of the entire community, was taken last Wednesday evening at a conference between the representatives of the various women's organizations in Narberth and the citizens who have been developing the plan in collaboration with Mr. A. B. Ross, of the State Committee of Public Safety. The conference was held in the Community Room of the Y. M. C. A. and was attended by twenty-nine men and women.

Mr. W. R. D. Hall opened the meeting, telling first how the Narberth Plan had been suggested by Mr. Ross, who is a resident of Narberth, and then of Mr. Ross' varied experiences in dealing with similar problems.

Mr. Ross gave a general talk on the universal need for more efficiency and more economical marketing methods on the part of the retailer and the consumer. He then explained the Narberth Plan in detail, stressing the part that the housewives will play and the benefits that will accrue to the consumer. Mr. Ross illustrated his talk with facts and figures on a blackboard.

When he had finished his talk, Mr. Ross asked for questions. A number of the men and women asked for further explanations as to various phases of the plan and made a number of suggestions and criticisms.

After all the questions had been answered, Mr. Hall suggested that there should be some expression from the men and women attending the meeting, as to whether or not they wanted to see the Narberth Plan tried. The question was put to a vote and it was unanimously agreed to proceed with the perfection of the plan.

Mr. Hall further suggested that a permanent organization should be effected, with the result that he was chosen chairman, and E. A. Muschamp, secretary.

Preliminary arrangements were then made for another conference with still another of the local interests vitally connected with this plan. As soon as these conferences can be completed, the plan will be in final shape for presentation to the public.

TWO-CENT POSTAL CARDS AND THREE-CENT STAMPS AND STAMPED ENVELOPES

Under the Act of Congress approved October 3, 1917, changing the rates of postage, the department will begin issuing two-cent postal cards and three-cent postage stamps and stamped envelopes as soon as a supply can be manufactured. It will not be possible, however, to provide them in sufficient quantities to exchange stamps or one-cent postal cards, two-cent stamps or two-cent envelopes held by the public or by postmasters. It will, therefore, be necessary, beginning November 2d, 1917, when the new postage rates become effective for postmasters to continue the sale of one-cent post cards and two-cent envelopes while their stock lasts and for the public to affix additional stamps to envelopes and cards to the amount of increase of postage.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsman, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

Few business men could be more commercially candid than a Japanese baker, who advertises, "Biggest loafer in Tokio."
